## YOUR SPECIAL DAY

THE ROCKS ESTATE cordially invites you to consider our extraordinary property for the wedding of your dreams, or any other social gathering such as a birthday, anniversary, family reunion or corporate retreat.

The breathtaking scenery combined with the rustic charm of the historic buildings makes the Rocks an unforgettable site for a celebration. Bask in the romantic ambiance of a classic turn-of-the-century country estate showcasing the majestic grandeur of New Hampshire's White Mountains; stroll along the lush rolling lawns, enjoy stately gardens, or amble down our scenic walking trails.

Designed by Frederick Law Olmstead, one of the greatest 19th century American landscape architects—with New York's Central Park among his many prestigious projects, the formal gardens are beautifully terraced and framed by the Estate's hallmark stone walls. A small pond and fully restored summer teahouse complete the charm of these elegant heirloom gardens and offer a picturesque backdrop for keepsake photos. In addition, the Estate can enhance your event with a horse-drawn coach or wagon ride—perfect for making a grand entrance to a wedding or for entertaining party guests.

The rambling fields and trails that surround the main grounds provide a perfect locale for team-building activities during corporate retreats or for games and sports at a family reunion. Delightfully informative tours of the property include history, forestry, wildlife and conservation, and are available by the Rocks' expert staff to supplement your gathering.

*Let us be your hosts. Call 603.444.6228 for further information or visit [www.therocks.org](http://www.therocks.org) and click on Weddings at The Rocks.*
